INTRODUCTION

- The cities of the world are facing TRANSFORMATIONS as a result of various stressors: COVID 19, climate change, increase in violence and crime, as well as natural disasters, among others.
- In this scenario of constant changes, the ability to adapt and reinvent themselves of cities and their inhabitants is essential for urban survival, sustainability and safety.
- ICA seeks to offer a global Umbrella Initiative to promote, evolve and sustain CPTED in all regions of the world.

ICA UMBRELLA INITIATIVE

The ICA Umbrella Initiative started in 2017 under Dr. Rau leadership as ICA President, and it is an ICA policy that seeks to articulate CPTED groups in an organic way globally.

CPTED groups can connect with ICA using MOU or affiliation letter.

The ICA Umbrella Initiative has been very successful and is expanding ICA and CPTED globally.
