

Domestic Violence Prevention – Lessons from the Polish Model

Dienstag, 10:00 - 10:45 Uhr, Raum: Halle 2

Prof. Dr. Magda Szafranek

University of Warsaw

Abstract

The polish Domestic Violence Prevention model requires the cooperation between social services and the judiciary since 2010. The presentation will highlight the solutions in force in Poland since 2010. In her newest study, published 2023, Dr. Szafranek has analyzed court files randomly drawn in courts throughout Poland and will present the outcome of her research during the session, including solutions and system collaboration recommendations.
